

# Notice Regarding the School Entrance Support System (Fiscal Year 2024)

Yokohama Board of Education

Yokohama City has established a system for encouraging children to enter school by providing financial assistance to those experiencing financial difficulties in paying the cost of school supplies, the cost of school excursions and the cost of school meals, etc., for children who are to enter municipal elementary schools and junior high schools for compulsory education.

If you require financial assistance, read the following explanation and then fill out the application form and submit it to the school your child is scheduled to enter.

## 1. Persons Eligible for Financial Assistance

Relevant Reasons	
(1) Persons in receipt of public welfare assistance	(Only for years in which school excursions are implemented, and only for persons not in receipt of Education Assistance.)
(2) Persons unable to receive public welfare assistance since April 2023	(Except when assistance was terminated due to changes in the household.)
(3) Persons currently receiving child-rearing allowances	(Child-rearing Allowance is different to Special Child Dependent's Allowance. Also, the authorized period will change if payments start midway through the fiscal year.)
(4) Persons experiencing other financial difficulties	(Person's receiving less than the income standard. An investigation into income will be carried out.) See page 2 for further details.

## 2. Financially Assisted Expense Items and Scheduled Sum of Payment (Annual Sum)

Students who received elementary School Entrance Preparation Expenses prior to entering elementary school and students who were paid junior high School Entrance Preparation Expenses in the sixth year of elementary school will not receive School Entrance Preparation Expenses. **Persons authorized to receive elementary School Entrance Preparation Expenses who require payments for items other than School Entrance Preparation Expenses are required to apply separately for school entrance support. However, there are cases in which they may not be authorized for this.**

\*2 Extracurricular activity expenses not involving overnight accommodation, school supply expenses (excluding recipients of School Entrance Preparation Expenses), PTA membership fees and student council fees are included in School Supplies Expenses, Etc. Sums paid will be reduced for students who transfer to schools outside of the city midway through the school year, and for students who are qualified to receive payments for less than one year.

\*3 A limited sum for Extracurricular Activity Expenses Involving Overnight Accommodation will be paid to cover the actual costs incurred by parents/guardians for traveling expenses and facility visit expenses.

\*4 The Club Activity Expenses for elementary schools will be paid to cover the cost of materials collected by elementary schools.

- \*5 School Meal Expenses do not cover the cost of meals during periods when meals are not being served (summer break and when dining rooms are being repaired, etc.).  
School Meal Expenses in elementary and junior high schools refer to being provided free of charge after school entrance support has been authorized. See [8. Elementary School Meal Expenses] and [9. Junior High School Meal Expenses] for further details.
- \*6 Schools are required to issue medical vouchers in order to receive treatment for school diseases (trachoma, conjunctivitis, ringworm, scabies, impetigo, tympanitis, chronic sinusitis, adenoids, tooth decay, parasitosis) covered by School Disease Medical Expenses. Consult with the school in advance.
- \* Note that a handling charge may be incurred to correct any bank account errors in the event of the school being notified that a mistake was made on the account number into which school entrance support payments are to be paid.
- \* There are cases in which school entrance support payments will be appropriated in the event of school fees, etc., remaining unpaid (to cover the cost of the outstanding fees).

### 3. Application Method

If you wish to apply for school entrance support, fill in the necessary areas in the [Fiscal Year 2024 School Entrance Support Application Form] while referring to [11. Application Form Sample and Points to Note When Filling it Out], attach any documents that are required, and then submit it.

Contact the school concerned if you are not in possession of an application form.

Submit To	Your child's school <u>PIC: School office worker</u>	
Submission Period	First Application	April Check the notification issued by the school for further details
	Additional Applications	July to the end of February the following year

\* If you have two or more children, submit an application for each child.

\* If you need to continue receiving assistance, it is necessary to submit applications every fiscal year.

## 4. Income standards for “(4) Persons experiencing other financial difficulties”

Persons whose income for the entire household was equal to or less than the income standards listed below in 2023. However, deductions from income are in effect in accordance with the requirements related to the household situation, etc.

See \*3 in [11. Application Form Sample and Points to Note When Filling it Out] on page 5 for details on households.)

Number of Household Members	2	3	4	5	6	7	8	9	10
<b>Sum of Standard Income</b>	<b>¥2,500,000</b>	<b>¥3,030,000</b>	<b>¥3,440,000</b>	<b>¥3,960,000</b>	<b>¥4,420,000</b>	<b>¥5,000,000</b>	<b>¥5,480,000</b>	<b>¥5,980,000</b>	<b>¥6,280,000</b>

- The term "income" refers to the "Total Income" listed on your Tax Certificate (Certificate of Tax Exemption). It refers to the "Sum After Employment Income Deductions" listed on the Statement of Earnings for those earning salaries, and to the sum listed in the "Total Sum of Income" area on Tax Returns for those who are self-employed.
- Submit an application even if you are unsure whether or not the income for the entire household is within the standards.

### Income Deductions

For persons and households to which the following apply, their income following deductions will be investigated.

Requirement		Sum Deducted
A	Persons who receive income from a salary, an official pension, etc., or both	A maximum of ¥100,000 deducted from income for each person (If the income is less than ¥100,000, the amount of income)
B	Single parent households, and households in which children are being raised by people other than the parents	¥350,000 deducted from the household income
C	Households containing several income earners	A maximum of ¥350,000 for each income earner with the exception of the main income earner (If the income is less than ¥350,000, the amount of income)
D	Households containing students who are attending special-needs classes or special support schools	¥350,000 for each applicable person
E	Households containing disabled people (people in possession of Handicapped Person's Handbooks or Disability Handbooks (Ai-no-Tetcho))	¥350,000 for each applicable person (excluding those for whom D applies)
F	Households in receipt of medical expense deductions	The sum of the medical expense deductions from the household income

[Example] In a household of five people including a father (salary income: ¥3,000,000), a mother (salary income: ¥1,700,000), a grandmother (income: ¥0) and son (attends special-needs classes) in receipt of medical expense deductions amounting to ¥120,000 for the entire household, the total sum of income is ¥4,700,000, which exceeds the standard income sum of ¥3,960,000.

The sum of deductions comes to Requirement A: (Father) ¥100,000 + Requirement A: (Mother) ¥100,000 + Requirement C: ¥350,000 + Requirement D: ¥350,000 + Requirement F: ¥120,000 = total of ¥1,020,000. When this sum is deducted from the total household income, the sum of standard income becomes (¥4,700,000 - ¥1,020,000 =) ¥3,680,000, which means the household is eligible for School Entrance Support.

### Checking the Sum of Income with the Statement of Earnings

#### Statement of Salary Income Earnings for 2023

Payment Recipient	Address or Place of Residence	1-2-3 XXXX, XXXX-ward, Yokohama City	Name	
Type	Sum Paid	Sum After Employment Income Deductions	Total Sum of Income Deductions	Tax Deducted at Source
Salary	3,372,235 ¥	2,280,400 ¥	1,140,298 ¥	53,000 ¥

An investigation will be carried out to ascertain if a maximum sum of ¥100,000 was deducted if this salary is the only source of income.  
 \* If you have more than one employer or you have not received a Statement of Earnings, etc., total income will not be this sum, but a sum determined by the city, town or village concerned.

### Investigations Based on 2024 Income

It is possible to submit applications to which Statements of Earnings and Tax Returns for 2024 are attached between January and the end of February 2025 if you require an investigation into School Entrance Support based on 2024 income due to unexpected changes in household expenses, etc. In the event of this being authorized, the sum of School Entrance Support from the beginning of the fiscal year will be back-paid to April 2024 if there are no changes in the household.

## 5. Consenting to Checks into Income, Etc.
